

## Circular

Istanbul, 5 December 2019

Circular No: 98

### **Subject: Amendments to the Communiqué for the Implementation Principles of Technology-Oriented Industry Action Program announced.**

Amendments to the Communiqué for the Implementation Principles of Technology-Oriented Industry Action Program are indicated below:

- The facility which will be operational based on application may target to produce more than one product among the products listed in the call announcement.
- The independent assessment report should contain the conclusion including the general opinions and evaluations of the independent consultancy firm carrying out the review of the project.
- Changes related to scoring have been made for the evaluation phase of the applications.
- For KOSGEB supports, if all partners of the company that will benefit from the supports are legal persons, all partners will be expected to be established at least one year before the program application.
- Amendments were made to the revision, termination and completion phases of the program.

The Communiqué has been enacted as of its publication date (5 December 2019).
